

# Encyclopedia of the Modern Middle East & North Africa

## UPDATED COVERAGE OF THE MIDDLE EAST

The events of the last decade — including the catastrophic incidents of September 11, 2001 — have proven the Middle East among the most tumultuous, complex and important regions in the contemporary world. Crucial to understanding these events is the history and culture of this unique area, including the countries of North Africa. Since 1996, researchers have relied upon the *Encyclopedia of the Modern Middle East* for clear, authoritative background information. With the second edition, published by Macmillan Reference USA™, an imprint of Gale, part of Cengage Learning, researchers can explore the many issues related to the Middle East, fully updated.

## MULTIDISCIPLINARY, NONPARTISAN AND COMPREHENSIVE

Thousands of unbiased articles in the *Encyclopedia of the Modern Middle East & North Africa* cover the history of each country in the region — both Muslim and non-Muslim — including detailed information on the population, economy, government, gender issues, languages, arts and religious practices of each. Major sections cover issues such as colonialism, imperialism, the World Wars, the Israeli-Palestinian conflict and United Nations' involvement in great detail. Multidisciplinary in its approach, the *Encyclopedia of the Modern Middle East & North Africa* explores the region from a variety of perspectives — perfect for studies in anthropology, economics, history, religion and philosophy, the political and social sciences, and others.

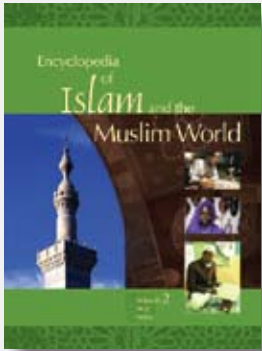

Written for the non-specialist, the *Encyclopedia of the Modern Middle East & North Africa* includes contributions from approximately 350 specialists, under the editorship of Philip J. Mattar, president of the Palestinian American Research Center and senior fellow at the United States Institute of Peace. More than 3,000 articles — including 600 new and 1,000 updated entries — range from 250 to 9,000 words each, covering each topic in detail and featuring a complete bibliography and extensive cross-references.

## ARTICLES IN THE 2ND ED. INCLUDE:

- Al Sa'ud Family
- Arab-Israeli Conflict
- Architecture
- Asad, Hafiz al-
- Gender and Education
- Hussein, Saddam
- Medicine and Public Health
- Newspapers and Media
- Petroleum, Oil and Natural Gas
- Sufism and the Sufi Order
- Terrorism
- Western Saharan War
- And many more!

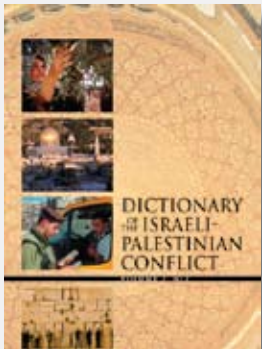

The *Encyclopedia of the Modern Middle East & North Africa* also features approximately 525 black-and-white illustrations; 75 maps; a topical outline of contents; genealogies; a glossary of terms; and a comprehensive index.

2nd Ed. About 2,000 pp. in 4 vols.  
In Print 2004.  
ISBN 9780028657691.

**“Strongly recommended for both public and academic libraries as well as specialized collections that focus on religion and theology.”**

— Library Journal  
(March 2004)

## COMPLEMENT YOUR COLLECTION WITH THESE RELATED TITLES:

### **ENCYCLOPEDIA OF ISLAM AND THE MUSLIM WORLD**

 The rise of Islam as the fastest-growing religion in the United States; the global conflicts involving Muslim countries and communities; and the importance of the Arab world (both historically and in contemporary world affairs) demonstrate the ever-increasing need for information and understanding on this subject. Macmillan Reference USA™ has gathered more than 200 experts from around the world — eminent scholars in anthropology, art history, economics, history, law, literature, political science, religion, sociology and women’s studies — to examine this rapidly growing religion and its people.

The *Encyclopedia of Islam and the Muslim World* presents more than 500 entries on many facets of Islamic life, from political parties, reform and revolution to culture, art and clothing. No other reference work provides such a comprehensive, balanced and accessible treatment of this subject from both historical and contemporary points of view.

### **DICTIONARY OF THE ISRAELI-PALESTINIAN CONFLICT**

 The often-violent conflict between the state of Israel and the disenfranchised Palestinian people occupies newspaper headlines and television news every day. Despite such coverage, many people still understand very little about the cause of this all but undeclared war. The *Dictionary of the Israeli-Palestinian Conflict* covers the history of the conflict, going back to the birth of Zionism at the end of the 19th century. The two-volume set covers five Arab-Israeli wars, and provides biographies of political personnel in Syria, Egypt, Iraq, Lebanon, Jordan and the occupied territories. The *Dictionary* provides clear definitions and comprehensive explanations of the elements at play — history, geography, religion, demographics and more — and supports the acquisition of knowledge about this topic, not just dissemination of information.
